

THEME *in* FEMINISM

Brought to you by
Debating Society
IIT Guwahati

This house would require partners to pay
their house husbands/wives for household
chores

in

This house would not require the victim's
consent in prosecuting cases of domestic
violence.

in

Context Slide

Benevolent sexism, as opposed to hostile sexism, refers to attitudes about women that are stereotypical yet have positive connotations (eg that men have an obligation to be chivalrous and protect women, the idolisation of women in wife, mother, and child caretaker roles and the romanticisation of the emotional sensitivity of women).

This house believes that the feminist
movement should focus significant time,
platform and resources towards combating
benevolent sexism

in

The background features a light pink color with decorative elements in the corners. The top-left and top-right corners have swirling lines. The bottom-left corner has a cluster of small dots. The bottom-right corner has a swirl and a small loop.
