CONTEXT SLIDE 1

Homonationalism is a rising trend seen in right-wing parties in the West which refers to the alignment of LGBTQ+ rights with nationalist, often anti-immigrant ideologies, where queer acceptance is used to justify xenophobia. For example, French politician Marine Le Pen uses LGBTQ+ rights to promote anti-immigrant rhetoric, framing Muslim communities as a threat to queer freedoms.

CONTEXT SLIDE 2

Eco-terrorism refers to violent actions taken by individuals or groups to protect the environment, often targeting industries perceived as harming nature. For eg. bursting oil pipelines, damaging factories etc.

MOTION 3

THBT minorities should seek political representation through mainstream political parties, rather than parties based on minority identity.
