The title card features a central gold-colored decorative frame with intricate scrollwork and floral patterns. Inside this frame, the word "Theme" is written in a classic serif font, and below it, the word "Fantasy" is written in a larger, bold serif font. The entire frame is set against a dark orange background. The corners of the frame are rounded and decorated with stylized floral motifs. The overall design has a vintage, ornate feel.

context

Chronic Pinocchiosis is a condition that causes an individual's nose to horizontally grow by a conspicuous amount every time they knowingly lie. Once it grows, it does not shrink back and it is magically immune to rhinoplasty or any other attempt at artificial shrinkage. Long noses do not cause any significant health issues and nose growth caused by Chronic Pinocchiosis is not hereditary.
